

# LED Flood Light

## MS-24264 WW

### Features:

- 1-High brightness led chip .
- 2-Optical Lens.
- 3-Corrosion and rusting resistance.
- 4-Excellent heat dissipation performance.
- 5-professional copper waterproof terminal.

|                     |                                |
|---------------------|--------------------------------|
| Model Number        | MS-24264 WW                    |
| Name                | LED Flood Light 30W warm white |
| size of lamp        | 169*140*29mm                   |
| Rated Power         | 30W                            |
| Lumen Efficiency    | 110 lm/w                       |
| Color Temp.         | 3000K                          |
| LED chip            | Optical lens                   |
| Ra                  | >80                            |
| Beam Angle          | 90°                            |
| Driver Type         | D.O.B                          |
| Material            | Aluminum+PC optical lens       |
| PF                  | 0.6                            |
| Input Voltage       | AC 85-265V                     |
| Surge Protection    | 2 KV                           |
| IP Class            | IP 65                          |
| Working Temperature | -20°C ~ +50°C                  |
